

GA Products Panel-Fix Wall Panel Fixing System

GA Panel-Fix is a superior 'invisible' wall panel fixing system designed by Gooding Aluminium.

GA Panel-Fix has a number of advantages over conventional split batten systems and incorporates the following benefits:

Features / Benefits:

- **Rigid interlocking grip**
Avoiding the 'popping-off' problem associated with other split batten systems
- **Lateral adjustment**
Allows for sideways movement
- **Extruded aluminium alloy**
Tough and resilient
- **'Invisible'**
The profiles are concealed by the secure panel
- **Rapid installation**
Facilitated by the pre-drilled csk holes (at 200mm centres)
- **Economic**
Profile GA WP1 and alternative super lightweight GA WP2 available
- **Easy handling**
Supplied in convenient 2.5m lengths
- **Immediate availability**
Even those 'last minute' jobs can be finished on time
- **Sold in single lengths**
No minimum quantity

Independent Test Results:

GA Panel-Fix Wall Panel Fixing System

GA WP1: Failure load 20.5KN.m

GA WP2: Failure load 9.8KN.m

These load results clearly demonstrate the strength of the GA Panel Fix system. The type of fixings used (screws/bolts) and load bearing qualities of the substrate will ultimately determine performance.
